

Original version of SOFA

Table of contents

1 Status.....	2
2 Documentation.....	2
2.1 Demos.....	2

1. Status

The original version of the SOFA was developed for several years. You can still download the latest version of it but it is abandoned and not supported any more.

2. Documentation

- [Original SOFA documentation](#)
- [NetBeans SOFA module documentation](#)

2.1. Demos

- [Logdemo](#) - a simple SOFA application, composed of two primitive components
- [CPlayer](#) - a simple demo showing different connector types and their generation
- [Protodemo](#) - a simple demo with defined protocols
